

DETAIL FLOORCARE SOLUTIONS

 **MADE IN
BRITAIN**

THE RANGE **2024**

We are MotorScrubber

Welcome to MotorScrubber, market leader in detail floor cleaning technology. As CEO of this dynamic company, I proudly lead a team dedicated to designing and manufacturing compact yet powerful floor scrubbers that redefine the standard for deep cleaning in intricate spaces. Our core focus areas encompasses washrooms, stairs, tight spaces, edges, corners, kitchen floors and all hard-to-reach areas.

At MotorScrubber, we understand that every commercial building, from schools and healthcare facilities to restaurants and bars, requires impeccable cleaning standards. This is why our products are meticulously crafted for professional use by commercial cleaning teams, ensuring high quality and reliability with a 3-year commercial guarantee.

Our commitment extends beyond just cleaning; ergonomics and worker welfare are at the forefront of our design philosophy. This is exemplified by our innovative battery backpack, which is ergonomically engineered with padded back support, helping users maintain a straight back, thereby reducing fatigue during extensive cleaning operations.

Founded and manufacturing in Sheffield, England, MotorScrubber's global footprint includes subsidiaries in Chicago and Melbourne with exports worldwide. Our products, celebrated for their effectiveness and efficiency, have become essential tools in the arsenal of facilities management and contract cleaning professionals worldwide.

As we continue to evolve and innovate, we remain dedicated to providing exceptional cleaning solutions that keep pace with the ever-changing demands of the industry, ensuring every commercial building can experience the MotorScrubber difference.

Imre Killi, Inventor & CEO

We push **boundaries**

Powered by a dedicated team of seven highly skilled product designers, we invest years in relentless innovation and rigorous testing. Our mission is to develop industry-leading cleaning machines, incorporating ground breaking technology and ideas to revolutionise the world of cleaning.

We build in **Britain**

Every MotorScrubber is meticulously designed, engineered, and manufactured in Sheffield, England. We take pride in hand-crafting each MotorScrubber to meet the highest quality standards, ensuring durability and reliability. Built to withstand years of heavy use, a MotorScrubber promises to be a dependable tool in your cleaning tasks and will never let you down.

We focus on **sustainability**

At MotorScrubber, we prioritise sustainability at every step. Our products embody eco-friendliness through their meticulously engineered scrubbing action and precise on-demand spray, significantly reducing the need for harsh chemicals and water usage. Crafted for longevity, our machines boast robust, high-quality components, ensuring reliability and minimizing the environmental impact of frequent repairs and technician visits.

As part of our commitment to a greener future, we're continually increasing the use of recycled materials in our products, fostering a cleaner, healthier planet for all.

We offer a three year **commercial warranty**

Discover the assurance of hassle-free cleaning with our comprehensive three-year commercial warranty. Since our inception in 2012, we have been at the forefront of cleaning technology, fusing top-tier materials with groundbreaking innovations. Understanding that cleaning equipment can face tough challenges, we engineer our products to be virtually indestructible, ready to withstand any test. Our confidence in the unparalleled robustness of our equipment is reflected in our promise to you: a solid three-year commercial warranty, providing you absolute peace of mind in every clean.

BUILT TO LAST

Where can you use your MotorScrubber?

Motorscrubber equipment is designed to clean the 20% of floor area missed by existing machines which are too large and bulky. Our compact machines specialise in cleaning the following areas within your building.

WASH ROOMS

STAIRS

**M-CASE PRO
MS3070 / MS3070KIT**

Create your own ultimate detail cleaning kit all stored within a specially designed carry case with wheels so you can easily transport to any cleaning location. M-Case Pro will store 2 Deep cleaning machines, Blade mopping system and the full range of brushes and pads for both machines.

Enhancing your worker welfare...

74%

of cleaners reported muscular aches and pains.
(Known as MSD's)

20%

of staff require time off as a consequence.

Designed to ensure you adopt the correct posture with a straight back when using SHOCK.

Eliminate the need for a bucket and reduce slips and falls with the fingertip control fluid application.

Reduce MSD's in your workforce.

Designed with easy transportation in mind.

Commercial cleaning operators use heavy equipment daily. These tools are the root cause of MSDs (Musculoskeletal Disorders) in your workforce.

- MotorScrubbers lightweight battery powerpack technology enables effortless transportation and usage.
- Padded back support to keep the users back straight.
- **Load is spread evenly across operators waist.**
- All day comfort guaranteed.
- The user can easily transport the machine to avoid back strain.

Easy to transport

Professionals arrive ready. Our M-Case empowers you to travel with confidence, whilst storing and protecting your MotorScrubber cleaning equipment.

Only **470g** in your hand during use.
(The same weight as a cup of coffee).

Grab. Clean. Dock.

The Wall Dock is the perfect solution for limited storage space. Designed to be easily mounted to the wall and protect products from damage, our wall dock keeps your equipment neat and tidy.

Because their safety and comfort matter.

SHOCK

Ground Breaking Cleaning Performance

Faster. Lower. Cleaner.

SHOCK is the lowest profile oscillating floor cleaning machine in the world. Developed over three years, it has been meticulously designed to deliver a deep clean along floors, edges, baseboards, stairs, risers, below obstacles and more.

Packed with patented features, SHOCK is the most user-friendly machine of its kind. From an innovative MAGPlate magnetic pad holder system and quick-connect weight kit, to its ergonomic GEN3 battery backpack system with added back support, every detail of SHOCK has been considered to deliver a ground breaking clean with minimal effort, every time.

Beneath its stylish housing is a brute of a machine made up of precision engineered custom components, invented by our in-house team. Powering each SHOCK is a bespoke brushless digital motor, with a 5000rpm capability to deliver maximum cleaning performance. SHOCK's oscillating drive has been optimised and tested for over 1500 hours.

The result? A precise scrubbing circle which literally SHOCKS the dirt off your floors with water alone.

SHOCK KEY FEATURES

- Powerful Shock 555 oscillation technology, up to **83 scrubs per second**
- Quick-change **1.8kg (4lbs)** weight kit
- World's lowest profile head
- Protective glide wheels for precise cleaning

Cast aluminium oscillating drive

COMPACT SIZE. INDUSTRIAL STRENGTH.

PRODUCT HIGHLIGHTS

Quick-Change Weight Kit

Our quick-change weight kit adds 1.8kg/4lb and provides huge downforce for unbeatable results. The weight kit is removable for safer stair cleaning.

Magnetic Pad Holder

Quickly transition between cleaning areas with the colour-coded quick-change MAGPlate magnetic pad holder, which automatically locks against the oscillating driver hands-free.

Industrial build compact size

5mm thick cast zinc alloy chassis combined with a cast aluminium oscillating drive. SHOCK is built to last with over 1,500 hours fault-free testing.

Controlled Spray

Save water/chemical with on-demand spray and a high-pressure pump provides an even and targeted application of cleaning solution.

Optimised Oscillation

Our powerful Shock 555 oscillation technology is driven by our in-house designed state-of-the-art 5000rpm digital motor, delivering up to 83 scrubs per second for unparalleled cleaning results.

Glide Wheels

Soft rubber non-marking glide wheels protect your walls and furniture by keeping the oscillating drive spaced 2mm from your edges, whilst allowing the cleaning pad to clean precisely into the edge.

M3

The Original MotorScrubber

Small machine, big power.

Designed for small, hard-to-reach areas, M3 takes on stairs, edges, bathrooms, and kitchens with ease. Deep clean your confined spaces and experience outstanding results every time.

Powerful rotary scrubbing cleans tricky areas often neglected by other machines. Able to withstand 7kg/15lbs of downforce, the motor's extreme torque makes the M3 unstoppable.

From floor cleaning to wall scrubbing, the possibilities are endless with the telescopic handle that adjusts the machine height to suit any user. Waterproof construction means M3 is also perfect for poolside and waterline cleaning.

Combined with our vast range of accessories and battery-powered backpack, M3 guarantees exceptional results.

M3 KEY FEATURES

-  Powerful 360rpm scrub technology
-  Backpack with built-in battery
-  Lightweight
-  Fully submersible with no shock risk

WHAT'S IN THE BOX

- 
1. M3 Machine
 2. Gen 3 Battery Backpack
 3. Medium Duty Brush
 4. White Buffing Pad

JET3

Targeted Spray Scrub Technology

WATCH VIDEO

Boasting all the features of the M3, JET3 offers additional on-demand solution application to speed up cleaning everywhere. By releasing the perfect amount of liquid alongside the unstoppable scrubbing action from the 360rpm extreme torque motor, JET3 delivers unbeatable results in small areas.

The compact head fits into tight spaces that other machines simply cannot reach, releasing ingrained dirt no matter the challenge. Our convenient, quick-change solution bottle fits into the belt of our lightweight backpack to spray as much or as little as you need to release dirt from the surface.

Scrub faster, clean smarter.

JET3 uses minimal water and sprays just the right amount of solution when you need it. It's better for our planet.

JET3 KEY FEATURES

- Use less solution with targeted, on-demand spray
- Powerful 360rpm scrub technology
- Backpack with built-in battery
- JET3 backpack, also compatible with SHOCK and STORM

STORM

Spray. Clean. Protect.

Professional cleaning and disinfection in a lightweight hand-held wand. Replace slow, laborious trigger sprays with a high-speed swirl nozzle that delivers a perfectly even spray coating to protect both your customers and your surfaces. Level up your productivity when cleaning large surface areas with instant, on demand cleaning solution application.

Clean and disinfect all frequently touched surfaces, tables, and handrails faster than ever before.

STORM KEY FEATURES

-  Use less solution with better coverage and on-demand spray
-  Ballistic, high speed swirl nozzle
-  Super lightweight, providing ultimate cleaning freedom
-  Backpack with built-in battery

WHAT'S IN THE BOX

1. STORM Wand
2. Gen 3 Battery Backpack

Attach our M-Wipes system to your backpack belt and easily dispense a specially designed cleaning cloth for fast, hygienic surface cleaning. Simply wipe the surface and dispose of the cloth in the waste pouch for a professional, hygienic solution.

BLADE

UP TO 80x MORE SURFACE PRESSURE

More Surface Pressure
The precision edge exerts up to 80x more surface pressure onto the ultra-microfibre mop to remove more dirt and grime with every clean.

Quick-Change
Switch one ultra-microfibre for another with a simple slide off, slide on.

Reset. Reverse.
Reset the rubber blade onto a new section of ultra-microfibre to maintain fresh, clean contact points. Once one side is fully used, flip over and continue using the reverse side for up to 4x more coverage.

No Need For Buckets
With its refillable handle and built in spray, BLADE sprays fresh, clean solution on-demand, activated by the push of a button.

Spray
Three-way jets create an even layer of solution to help release ingrained dirt.

Pressure. Precision. Performance.

Cut through more dirt for an unbeatable clean with BLADE's immense performance. The precise rubber squeegee blade cuts deep into tight edges and grout lines to transform your cleaning results. With up to 80x more pressure than regular mopping systems, BLADE removes substantially more dirt every time. Simply reposition the squeegee multiple times on the ultra-microfibre mop for a fresh contact point.

Forget your dirty string mop and filthy bucket and deliver fresh solution at the touch of a button. BLADE's refillable handle with water level indicator and three built-in jets delivers clean liquid on demand to ensure you are always removing dirt, never spreading it around.

Slide off the ultra-microfibre mop and use the super flexible squeegee after scrubbing with JET3 to direct dirty liquid straight into a floor drain, leaving no trace on your now sparkling floors. No floor drain? No problem. Simply attach the A-Fibre to absorb up to 500ml with each mop.

Clean better, clean faster.

BLADE KEY FEATURES

-  Refillable handle delivers fresh solution with every spray
-  Up to 80x more surface pressure
-  Precision cleaning for edges, grout, and tight corners
-  Up to 4x more coverage with each reversible ultra-microfibre

WHAT'S IN THE BOX

ULTRA-MICROFIBRES

Colour-coded tabs	
Machine washable up to 500 wash cycles	
1. S-Fibre (scrub)	Non-scratch scrub fibres recommended for the daily maintenance of rough or textured floors.
2. G-Fibre (glide)	For daily maintenance cleaning. Recommended for use on smooth floors.
3. A-Fibre (absorb)	For mopping up spills, or to dry the floor. Absorbs up to 500ml (16oz) of liquid.

HANDLE

Solution Capacity	600ml (20.2fl oz)
Three built-in spray jets	
Refillable aluminium handle with water level indicator	
Non-slip handle	

FRAME

Flexible rubber squeegee blade tracks floor surface and texture
Channel to easily slide on ultra-microfibre cloths

HAND-HELD MOTORSCRUBBER

Charge Time	Up to 8 hours or overnight
Runtime	2 - 3 hours powered by backpack
Machine Weight	2kg (4.4lb)e
Backpack Weight	3.1kg (6.8lbs) secured to waist
Scrubbing Width	18cm (7in)
Brush RPM	10,000rpm geared to 360rpm

PROWASH CART

Charge Time	5.5 hours
Run Time	8 hours
Cart Weight	35kg (77lb)
Cart Dimensions	H 104cm x W 51cm x D 71cm (H 40.9in x W 20in x D 27.9in)
Battery	12vdc sealed acid battery
Pump Pressure	11 bar
Pump Open Flow	8 litre/minute
Liquid Capacity	50 litres (13.2 gl)

PR • WASH

Higher. Faster. Cleaner.

Make light work of heavily soiled surfaces using our powerful 360rpm motor.

Designed for industrial scrubbing, PROWASH can reach vertical surfaces up to four meters high. The easily transportable cart can hold up to 50 litres of fresh water and five litres of chemical concentrate inside a robust stainless steel chassis.

PROWASH sprays the solution onto the desired surface, while MotorScrubber's signature rotary motor and powerful scrubbing motion transforms the surface back to new. Whether it is vinyl siding, trains, buses, aircraft, factory walls, external cladding, or signage, for all-in-one professional cleaning, PROWASH is the solution.

PROWASH KEY FEATURES

-  4x faster than manual methods
-  Carries both chemicals and water for optimum results
-  Drastically cuts exhaustive labour
-  Easy to use — just plug and go

WHAT'S IN THE BOX

- 
1. PROWASH Scrubber
 2. PROWASH Cart
 3. Gen 3 Battery Backpack
 4. Flag Tipped Brush
 5. White Buffing Pad
 6. Blue General Pad
 7. Green Scouring Pad
 8. Pad Holder

FORCE

Voltage	24 V DC or 36VDC
Machine Weight	3.2kg (7lb)
Hose Length	6m (19.6ft)
Pump Performance	3 litre/minute, 101PSI
Pump Pressure	7.9 bar, 116PSI
Dimensions	H 15cm x W 19cm x L 112cm (H 6in x W 7.5in x L 44in)
Handle	Extends from 70 – 140cm (27.56 – 55.12in)
Brush Speed	400rpm
Scrubbing Width	180mm (7in)
Quick-change squeegees mean no tools are needed	

FORCE KEY FEATURES

-  Increased productivity
-  Clean 100% of the floor
-  Amazing cleaning results
-  Fits to any scrubber dryer over 40 litres

F • RCE

**Clip On. Clip Off.
Clean Anywhere.**

Transform your bulky scrubber dryer into the ultimate cleaning machine by adding FORCE.

Simply attach FORCE to your scrubber's suction and clip it off to clean under benches, tables, down the side of toilets, and all other previously inaccessible areas. Force sprays cleaning solution, then scrubs with our powerful 400RPM rotary action. Two rear squeegees then dry the floor using the powerful suction of the larger machine.

WHAT'S IN THE BOX

- 
1. FORCE Machine
 2. Medium Duty Brush
 3. Universal Suction Hose
 4. 15 Amp Fused Battery Connector
 5. Commercial Grade Pump
 6. 6m (19.6ft)

Areas missed without FORCE

100% of area covered with FORCE

No matter the challenge, we have a brush guaranteed to give exceptional cleaning results on any surface.

Find the right accessory for your floor type

Medium Duty Brush
MS1041
Non-scratch fibres provide a brilliant deep clean to all smooth and textured floors and tiles.

Aggressive Duty Brush
MS1039P
Perfect for industrial environments, concrete, exterior surfaces, oil, grease, and food deposits.

Tile & Grout Brush
MS1039TG
Our most abrasive brush consists of grit filaments for deep cleaning tiles and restoring grout lines.

Best Seller

Flagged Tipped Brush
MS1044
Ideal for removing dust and cleaning plastic surfaces. Ideal for use with PROWASH for vehicle and exterior surfaces.

Delicate Brush
MS1038
Perfect for pre-scrubbing short pile commercial carpets and stairs before extraction. Also suitable for painted wooden surfaces.

Red Stair Brush
MS1049
Exceptional deep cleaning for all steps, up-rises, edges, and baseboards.

Green Stair Brush
MS1049T
Made from grit filaments for deep cleaning stairs and base/ skirting boards with hard surfaces like concrete and resin. Perfect for outdoor steps and industrial factory floors.

Essential Range.

Our essential pad range has been designed for chemical cleaning across all types of hard flooring.

White Buffing Pad
MS1066
For buffing on hard floors. Use dry or with a fine water mist to give a high gloss wet look to new floors.

Red Polishing Pad
MS1064
For polishing hard and wooden floors. This will remove light scuff marks and dirt while giving a high gloss shine.

Blue General Pad
MS1068
For general floor cleaning.

Green Scouring Pad
MS1062
For cleaning greasy kitchens and floors. This pad aggressively removes dirt from heavily soiled surfaces.

Black Stripping Pad
MS1060
For stripping floor polish. Use with chemical or water-based stripping solution to remove finishes or sealers. Can also be used to clean hard surface floors, such as concrete.

Specialist Range.

From removing tough marks to polishing marble, this specialist range has you covered.

Pad Holder
MS1046
Interchangeable drive plate which easily attaches our pads using hook-and-loop technology.

Crystalliser
MS1071
Made with stainless steel wire wool to create a hard-wearing, super high gloss shine on marble surfaces.

Maroon Stripping Pad
MS1069
Our most abrasive pad is recommended for dry floor stripping and restoring many floor types, including wood, vinyl, Altro, concrete, and stone.

Melamine Pad
MS1070
Recommended for removing the toughest of stains. The micro-abrasive sponge material provides incredible cleaning results.

Microfibre Pad
MS1053
Recommended for polishing surfaces and for carpet spot cleaning.

SHOCK PADS

Our new generation of high performance thinline pads are **64% lower than traditional pads**. They are denser, longer lasting and offer a superior clean.

Microfibre Pad

011-0071

This pad allows you to clean and dry at the same time, like mopping but with the scrubbing power of a machine.

Clean carpets with low moisture and dries within an hour. Use as part of your daily cleaning routine to mop and dry your floors, or use to polish floor surfaces. Our microfibre pad will effectively lift dirt from smooth and lightly textured floors including carpet, LVT, laminate, tile and grout, epoxy and more.

Maroon Stripping Pad

011-0073-10

The perfect accessory for restoring multiple types of flooring to their original best.

Ideal for restoring vinyl, wood, marble, terrazzo, concrete, resin and tiles thanks to its super abrasive material.

Industrial flooring with tough stains can also be cleaned up with ease thanks to the stripping pads' aggressive construction.

Green Thinline Scrubbing Pad

011-0072-10

Our Green Thinline Scrubbing Pad is incredibly abrasive, and can be used to remove tough stains and grease from non-textured surfaces.

This pad is ideal for kitchen and industrial environments.

Always complete a scratch test first.

SHOCK Pad

011-0070

The ultimate non-scratch floor scrubbing pad for use on all smooth and textured hard floors.

The SHOCK Pad has been specifically designed to maximise SHOCK's cleaning technology. Use on all hard floor surfaces to achieve a ground breaking clean.

Washable up to 500 times.

Melamine Pad

011-0075-10

Melamine will miraculously remove scuffs, dirt and shoe marks from smooth hard floors, including polished and ceramic flooring.

Use with water.

Always complete a scratch test first.

M WALL DOCK

Grab. Clean. Dock.

Wall Dock MS1073

The perfect solution for limited storage space.

Designed to be easily mounted to the wall and protect products from damage, our wall dock keeps your equipment neat and tidy.

M CASE

M-CASE MS3061

M-Case holds one machine and backpack with up to four accessories for a simple, convenient and weatherproof travel case. Ideal for those smaller cleaning challenges.

Foldable Bottle Carrier MST5

Take the weight off your back with the foldable bottle carrier.

Includes eight slots for carrying 1litre (0.25gl) refill bottles or rolls of M-Wipes.

MAGplate Cleaning Pad Holder

011-0074

We recommend you use one colour coded MAGPLATE for each cleaning area.

Pre-attach your cleaning pads using the hook and loop system so you can swiftly switch them between cleaning tasks. To use, simply place onto the floor, hover your machine above and watch it lift up and click into place.
